# We need 10,000 Doctors...

## Doctors in the UK can earn a salary of £40,000 to £120,000+

The UK has long been one of the most popular destinations for overseas doctors in the EU, it is also the safest. In the UK, you also do not need to worry about having health insurance or paying for education, as you can use the NHS without having to worry about medical bills, and there is a good public education system here.

With its reputation for delivering high standards of care, research excellence and world-class training and development programmes, for international doctors, there are many benefits to furthering your medical career in the UK, which include:

- Work experience within one of the world's largest healthcare systems.
- Top quality training and development, including the opportunity to gain specialist UK Royal College qualifications.
- 35 paid holidays each year (inclusive of bank holidays) which increases with service.
- Access to ground-breaking research.
- Excellent pay.
- An opportunity to experience living and working in the UK.
- Developing new skills and being introduced to new ways of working.
- A diverse, multi-cultural population with a wide range of health needs.
- An excellent pension scheme.
- Options to work overtime with enhanced pay.

# We need 30,000 Nurses...

## Nurses can earn a salary of £27,000 to £32,000+

What are the benefits of working in the UK?

Working in the UK's beloved National Health Service (NHS) as an overseas nurse has many benefits. Not only will you work in one of the world's leading healthcare systems, but you will also be providing high-quality care that is freely accessible to everyone in the UK.

But working in the NHS as an overseas nurse isn't only about prestige. As an overseas nurse in the UK, you will have the respect of the nation, as well as a healthy pay and benefits package.

- A guaranteed long-term contract - initially 3 years and often renewed
- Financial security
- Healthy work-life balance - standard working week of 37.5 hours.
- Options to work overtime with enhanced pay.
- 35 paid holidays each year (inclusive of bank holidays) which increases with service.
- Paid training to convert to UK standards prior to starting in your job.
- On-site accommodation if required.
- Refund of visa costs by the NHS.
- Pre-paid flights to the UK.
- An excellent pension scheme.

Once your job has been secured in the UK, you will take a short conversion course [www.passplab.net](http://www.passplab.net) at the UK's dedicated Health Science Centre [www.abhsc.co.uk](http://www.abhsc.co.uk) where state of the art training and development is offered for nurses, doctors and healthcare professionals.

Accommodation is included which offers comfortable, en-suite, catered and self-catering accommodation, with some vibrant communal spaces and a whole host of excellent facilities, you are sure to find a lively, relaxing and above all secure and supportive home with us.

- High speed broadband and wifi
- Pastoral care
- Transport
- 24/7 security
- Gym and workout area
- Onsite counselling and support for all students
- Extensive outdoor sports facilities
- Onsite Laundry
- Accessible rooms
- All utilities and insurance included

Send your CV today to start your journey to fulfil your academic dreams to be employed in the UK to develop your career [drsylviajenkins\\_2010@yahoo.com](mailto:drsylviajenkins_2010@yahoo.com)

## Where you will train:

Based in the heart of Cheshire, ABHSC is the UK's first dedicated Health Science Campus.

This is where you will take the relevant UK conversion course prior to you starting your career with the NHS.
